THE GLEN ROAD IRIS GARDENS

WELLESLEY FARMS, 95, MASS.

We are glad to announce that our stock permits of a reduction of prices on many varieties in our current lists. It will be another year before a new catalog is issued but we will willingly replace your copy on request. There is a discount of 20 per cent. on all orders of over \$100.00 and of 10 per cent. on orders over \$50.00.

Our gardens are full of color from early May to mid-June. We look forward to the first blooms of hundreds of seedlings and the latest of the foreign introductions. A visit from you would be a pleasure and we should also appreciate an opportunity to rectify any error of nomenclature which may, despite our care, have crept into our orders.

CHANGE OF PRICE FOR 1920 DELIVERY

*Slow of growth or variable and subject to further trial.

CORDON BLEU—A deep, unusually blue-toned purple self with smooth, spreading falls. Rich in garden effect. 27 in. \$.75

For six years these have been among the "try outs", each year they seemed more worthy of general use. They may prove as useful in your garden as they have in ours.
